

TWO KEYS FOR EACH BOX

It takes two keys to open a box in our safe deposit vault. One is the master key, which we retain. It only half unlocks the boxes. The other is held by the renter of the box, and cannot operate the lock until our key has been used.

This is only one feature of the many details of safety which make our vault one of the most secure places in this part of the state.

You will be interested in seeing what massive construction and great ingenuity have done to create an absolutely safe place for valuables. Visit our bank. We will be glad to show you the details whether you have any immediate use for a box or not. Come anyway and see what a lot of security you can get for 2.00 a year.

NOTED WOMAN DIES IN WYOMING

BIG PINY, Wyo., March 27.—Yesterday funeral services for Mrs. Eugene Cleophas were held, the remains having been brought from the home ranch a few miles from here.

Mrs. Cleophas' death was mourned throughout the surrounding country. She was the author of many articles in the leading magazines and newspapers and was a woman of superior intelligence. She has been blind for a number of years as the result of the explosion at the time of the great Johnstown, Pa., flood, she being there as an assistant to Clara Barton, with whom she had labored in Red Cross work during the Franco-Prussian war also. For her splendid work during this flood she received a vote of thanks and a medal from the state legislature of Pennsylvania. Mrs. Cleophas also wore the decorations of the Order of Palms being an officer in the Academy of France, and was one of the few women decorated with the Legion of Honor, one of the greatest honors that can be bestowed in France.

Mrs. Cleophas was sent to this country as the representative of the French government in 1888 to confer with the war department at Washington on Red Cross matters. She was born in Paris, France, in 1853, and is a descendant of one of the best families. Her home near here is filled with priceless antique furniture and relics brought from France when she settled here several years ago. Among them is furniture dating from the time of Louis XIII, which formerly belonged to her ancestor, the Comte de Hoin, governor of a province in Belgium.

IDAHO MAN DIES AT AGE OF 107

BELMONT, Idaho, March 27.—James Sullivan, aged 107 years, said to be the oldest man in Idaho, if not in the entire northwest, died this morning at 1 o'clock at the Falk home on Warm Springs avenue, where he had been employed as gardener for the past twenty years.

Mr. Sullivan had been a resident of Idaho for more than thirty-five years, and while he had been troubled with pain for some years, his general health was good. His mind was clear and he had a remarkable memory. He was a native of Ireland and came to this country when a young man. At the time of the Civil war he tried to enlist, but was refused several times on account of his old age.

THOMAS SMART HONORED.

LOGAN, Utah, March 27.—A splendid bust of Thomas Smart, donor of the Smart gymnasium and member of the board of trustees, has been received at the Agricultural college. It is the work of Mahonri Young, a Utah sculptor, who has made a great reputation for himself in New York.

The bust is pronounced by members of his family and immediate friends as an accurate representation of Mr. Smart and a splendid testimonial to

MAKE IT EASY

for your Stomach, Liver and Bowels to perform their proper functions by toning and strengthening them with the daily use of

HOSTETTER'S Stomach Bitters

This plan corrects any tendency towards a spell of Indigestion, Dyspepsia, Constipation, Biliousness and Spring Ailments or General Weakness.

DECISION AGAINST COMMERCIAL BANK

In an opinion rendered yesterday, the supreme court orders a modification of the decree entered in the district court in the case of Eliza D. Stoll against the Commercial National bank, so as to increase the judgment in favor of the plaintiff from \$194.62 to \$185.38.

Mrs. Stoll sued to recover money alleged to have been paid out on her account without her consent to A. D. R. Russell, who claimed to act as her agent. It was shown that Russell had used a power of attorney in drawing the money and that Mrs. Stoll had never given this power. The lower court granted her \$194.62 and she appealed, asking for \$196.75 additional.

The supreme court finds that the money paid out was unauthorized and was paid out by the bank after Mrs. Stoll had served notice on the bank that no checks against her account were to be honored unless they contained her own signature and endorsement. Accordingly, the lower court is ordered to modify its decree in accordance with that finding.

In another opinion rendered yesterday the supreme court reverses the lower court in the case of Joseph A. Obrecht against the Nielsen Land & Water company. Obrecht sued to enforce the terms of a contract.

CLEVELAND "PINCHED"

BY PATROLMAN DOMIN

SALT LAKE CITY, March 28.—With the best intention in the world, Patrolman Donmier started out last night to put Detective Cleveland in the "Crunk house." He did not do it.

The thing started with a joke played by Detective Cleveland and Detective Carlensson on a prisoner arrested by Patrolman Donmier on a charge of intoxication. The detectives rode to headquarters with Donmier and his prisoner in the patrol. Donmier was sitting in front with the driver. The detectives explained to the prisoner that they were lawyers and that he did not have to submit to arrest and advised him to run as soon as the patrol stopped.

He did, and succeeded in staggering round on the opposite side of the patrol as Patrolman Donmier appeared at the rear to get his prisoner. Detective Cleveland was just emerging and the big policeman ruffled the elegant appearance of the detective before he succeeded in getting him to the light and discovered his mistake.

In the meantime, the real prisoner was leaning against the farther side of the patrol as if he feared it would tip over on him. When approached by the bluescoff, he explained that he was running away and that it wasn't any use to try to catch him, because it couldn't be done.

Among the witnesses were Nellie Grant Croton, wife of Lieutenant William Piggott Croton, and Chapman Grant, son and daughter of the couple. Both would have testified for Mrs. Grant.

OIL ACTIVITIES AT CASCADIA, WYOMING

Information from Casper, Wyo., is to the effect that about 250 men are now employed by the Standard Oil company at its new million-dollar plant west of town. It will be several months before the plant is completed. It will be the finest plant in the west. Six large stills are now completed and ready for operation. A large force of men will start to work on six stills of the same size in a few days. Twenty smaller stills will be ready for operation within the course of a few weeks.

The large storehouse and commissary department of the Midwest Refining company at its plant in West Casper was finished last week. All supplies for the fields in Salt Creek will pass through this department.

A 55,000-barrel tank is being built on the west side of the C. & N. W. tracks, by the Midwest Refining company for the storage of fuel oil.

A 25,000-barrel tank for the storage of refined oils has just been completed by the Franco Petroleum company. Another tank of similar capacity for the storage of refined oils will be completed within a few days.

The Franco company will in a few days start the erection of four 25,000-barrel tanks to be used for the storage of refined oils.

A large tank is nearing completion in the tank farm on the north side of the river for the Franco Petroleum company. This tank will be for crude oil and will have a capacity of 45,000 barrels.

A garage is being built by the Midwest Refining company for the auto trucks that are being used between Casper and Salt Creek. This garage will be large enough for several trucks.

A large truck and trailer have been ordered by the Midwest Refining company for the transportation of freight between Casper and the fields. A large plant is nearing completion on the Franco site for the storage of acids to be used in the treatment of oil.

MANTI MAN KILLED IN UNLOADING A REVOLVER

MANTI, March 27.—Louis E. Tuttle, of this city accidentally shot and killed himself here yesterday at 11 a.m. with a 44-caliber revolver.

The accident occurred at the home of Mr. Tuttle in the northwestern part of the city. Mr. Tuttle was filling the cylinder of the revolver with cartridges when one of the cartridges got fast, and, in the attempt to get out the cartridge with a screwdriver, it exploded, the ball passing through his body in the immediate vicinity of the heart.

Drs. Sears and Olsen dressed the wound a short time after and made the wounded man as comfortable as possible. He died at 5 p.m.

Mr. Tuttle was the son of Luther T. Tuttle, a prominent merchant here. He was 51 years of age, and leaves a wife and nine children. He was a member of Temple City Lodge No. 22, I. O. O. F. The lodge will probably take charge of the funeral arrangements for which have not yet been given out.

GREAT GOLD STRIKE

IS MADE IN IDAHO

BELMONT, Idaho, March 27.—The greatest gold strike in Idaho for years has been made at Silver City in the Ruth mine on War Eagle mountain according to reliable advices that reached Boise today. The ore is fine milling, impregnated with gold showing assays from \$400 to \$5000 per ton. One piece of ore weighing nine pounds went out for assay and is said to have been half gold. The vein is far as wide as a sidewalk.

Silver City is the wildest revived camp in the West today, and excitement there is intense. The property is situated about three-quarters of a mile from Silver City, and is parallel to the Poor Man's mine, which was a great producer. The mine was discovered by John St. Clair, Jr., and was named after his daughter Ruth. Considerable work has been done on it and recently it was taken over by Portland capitalists, who paid \$2000 cash as a first payment and are to make the second payment in May.

DAVID T. EVANS BURIED.

SALT LAKE CITY, March 27.—Funeral services were held in the Second ward meeting room yesterday afternoon for David T. Evans, who died at his home here, Wednesday after an illness of six days of pneumonia. He was born in Wales August 4, 1862. A widow, five sons and three daughters, two of whom are married, survive him. Bishop Argyle presided. The speakers were J. P. Creer, John Jex, Joseph Brockbank, Nathaniel Ludlow and Fred Lewis. Miss Bebbie Gardner sang.

HANNA TAKES POSITION.

PROVO, Utah, March 27.—T. W. Hanna, successor of L. L. C. Hill, as a division superintendent of the reclamation service, arrived from Los Angeles yesterday. Mr. Hill, his predecessor, was recently promoted to the position of consulting engineer. Mr. Hanna will remain here a week in consultation with J. L. Lytel, supervising engineer of the Strawberry project. The attention of the two will be occupied with consideration of plans for canals and other accessory features of the project. Mr. Hanna will also inspect the work done on the project.

PAYING BILLS INTO COURT.

POCATELLO, Idaho, March 27.—Patrons of the Southern Idaho Water power company, who were delinquent for the two months before September are paying their charges for light and power to the deputy sheriff. This is the result of an action of several American Falls residents suing the company for damage done their hay and land on account of a dam in the river. The damages were allowed by the district court and the patrons of the company who were in arrears were garnished for the damages, amounting to something between \$2000 and \$4000.

VOLUNTEERS ELECT OFFICERS.

PARK CITY, Utah, March 27.—The volunteer firemen met last night in the city hall and elected officers for the ensuing year as follows:

President and Chief, C. W. Mair; vice president, J. W. Bircumshaw; secretary, J. J. Fitzgerald; treasurer, T. A. Orr; trustee, James Don.

The fire laddies decided to begin preparation for the tournament to be held in Park City in August. J. W. Bircumshaw was instructed to select their drill team and to make other necessary arrangements for this coming event.

MEMBERS OF STAFF.

COMPLAIN OF BALL.

LOGAN, Utah, March 27.—A little tempest has been raging in a somewhat sub rosa fashion among the staff members of the experiment station of the Utah Agricultural college, some of whom have filed objections to Professor E. D. Ball. In fact, the trouble had assumed such a serious aspect that a special committee consisting of Judge J. W. N. White cotton, John C. Sharp, Joseph Quincy, Jr., and Mrs. Dunford, was held in an investigation meeting today and up to nearly midnight tonight.

Concerning the controversy, neither Professor Ball nor President John A. Widtsoe of the college would make any statement today, both saying that they preferred to await the report of the special committee, which will be presented to the board of trustees next Thursday or Friday.

However, President Widtsoe did say that in the complaint presented by members of the experiment station staff there was no criticism of the work of the station.

AMERICAN-MADE AUTOS GAIN FAVOR

CHICAGO, March 27.—"Harlem" Tommy Murphy, for years the best lightweight in New York, went through town today on the way to San Francisco with his fingers crossed. Manager Jim Buckley was with him and did the same thing with his digits. This crossing of the fingers, right in the open where everybody can see, is due to a Willie Ritchie match the Harlemites has on April 17 in James Coffroth's ring. Murphy and Buckley are praying mightily that nothing will happen to prevent the meeting of the champion and the Gotham "Turk."

Twice before have they been matched and in training quarters each time something has happened to Ritchie which necessitated a postponement. All hands are hoping that they finally get together on the above-mentioned date and that Ritchie develops no absence in the nose and no trouble with the Achilles tendon.

The Murphy party, for ten years a prominent lightweight, is getting his first chance at the championship after long and patient waiting. We very much fear he has been forced to wait too long, for Tommy is at the stage now where a fighter generally is on the down grade. He can't be any better than he was a few years back, and he never was a sensation. Ritchie is at his best now and will be a 1 to 2 shot when they get in the ring.

San Francisco likes Murphy. He has seen him beat Ad Wolgast, Abe Attell and others, and it will pay out plenty of money to watch him make his championship fight. That's enough for Jim Coffroth, the wily one, who is promoting the show.

POSTPONE THE SALE OF POWER COMPANY.

BELMONT, Idaho, March 27.—The sale of the holdings of the Idaho-Oregon Light & Power company to satisfy mortgages under which foreclosing proceedings were brought in the United States district court for the Idaho jurisdiction, has been postponed to May 18.

At that time, unless there is another postponement, which is not likely, the property will be sold by Robert M. McCracken of this city, who has been appointed special master to conduct the sale by Judge Frank H. Dietrich of the federal court.

This is the case in which warring factions among the stockholders of the Idaho-Oregon Light & Power company and the Idaho Railroad company carried their troubles into court.

Another suit, which gives promise of being bitterly fought, and which hangs on the same litigation, has just been filed with the federal court.

It is entitled the State Bank of Chicago versus the Idaho-Oregon company and A. W. Priest, William H. Foster et al., as intervenors, and the United States of America and the Idaho Power & Light company, plaintiffs in intervention. The Idaho-Oregon company is now in the hands of a receiver, and the question arises whether or not the debts contracted

by it for current expenses to operate its plant are due before the interest is paid on bonds to stockholders.

The federal court has permitted the Idaho Power & Light company the right to intervene in the above suit. The Idaho Power & Light company seeks to collect the sum of \$55,112.83 from the Idaho-Oregon Power & Light company delivered to the latter company, and asks that its claim be made a prior one over all other claims against the Idaho-Oregon company.

DUNHAR SAYS SHE WAS ATTACKED BY A SHARK.

KAHANAMOKU SWAM TO HER RESCUE AND Drove the shark away.

A few hours later, while surf riding, Miss Dunhar's boat capsized and she was struck on the head by the gunwale and rendered unconscious. Again Duke Kahanamoku was the hero and landed her safely on the beach.

SAD NEWS RECEIVED.

POCATELLO, Idaho, March 27.—Mr. and Mrs. C. S. Smith received the sad news recently of the death of their niece Miss Gertrude Smith at Anchorage, and left for that place. Producers are raising from \$25 to \$3500 in six months.

TINTIC SCHOOL CHANGES.

EUREKA, March 27.—At the conclusion of the present term, the commercial department of the Tintic high school will be discontinued. This decision has been announced by the board of trustees as a result of the small attendance in the commercial department, causing it to be a losing venture.

Among other matters settled by the board was the selection of R. V. Smith as principal of the high school beginning next fall. He will succeed R. W. Canfield, who leaves to take another position. A number of the present teachers have signed contracts for next year, and Miss Virginia Lasley will be added to the faculty.

An appropriation of \$100 has been made by the board for the operation of vehicles to transport students in Eureka from Mammoth and Silver City.

DAVID T. EVANS BURIED.

SALT LAKE CITY, March 27.—Funeral services were held in the Second ward meeting room yesterday afternoon for David T. Evans, who died at his home here, Wednesday after an illness of six days of pneumonia. He was born in Wales August 4, 1862.
